

Chapter 7 Trustee's Report of No Distribution

Section 602 of the Bankruptcy Abuse Prevention and Consumer Protection Act of 2005 (BAPCPA), as codified in 28 U.S.C. § 589b, requires uniform final reports for bankruptcy cases. The new UST Form 101-7 No Distribution Report (NDR) requires specific data elements regarding each chapter 7 no asset case and has variable text depending upon the situation the trustee determines for that case.¹

This NDR replaces the current No Distribution Report and will continue to be produced by CM/ECF as a virtual (text only) entry. There will not be a PDF document associated with this report.

- ❖ The text in each event varies depending upon whether any funds were collected, or if the case has been converted, dismissed or reassigned to another trustee.

- ❖ These are the four variations of this virtual entry.

Chapter 7 Trustee's Report of No Distribution - No Funds.....(Page 4)

Chapter 7 Trustee's Report of No Distribution - Dismissed
or Converted, No Funds.....(Page 8)

Chapter 7 Trustee's Report of No Distribution - Dismissed
or Converted, Some Funds Collected.....(Page 10)

Chapter 7 Trustee's Report of No Distribution - Minimal Funds
Collected.....(Page 12)

- ❖ The four NDR docket entries have been added to the court's dictionary list of events. In addition, entries can be docketed separately in each case rather than through the Trustee's § 341 Filings utility at any time.
 - A case appears on the Trustee's § 341 Filings utility only if the § 341 Meeting has not been terminated in CM/ECF. Many cases will convert or be dismissed after the § 341 Meeting has been held and terminated and will no longer appear on the list of cases for that trustee. Single case docketing will be required in those instances.

¹ Additional information about these new forms is found at:
http://www.usdoj.gov/ust/eo/bapcpa/proposed_rulemaking/index.htm

NOTE: All NDR entries must be submitted by the trustee in CM/ECF either through the Trustee's § 341 Filings utility or docketed separately to each case.

Due to the variables in the program, batch or multi-case processing can no longer be used in CM/ECF for any NDR entries.

It is anticipated that the trustee software vendors will provide a batch docketing process from within their programs for their users.

- ❖ Data elements required for this CM/ECF report will be:
 - gathered from values in the debtor's schedules in the database at the time the report is produced,
 - calculated from database values on the case, and
 - entered by the trustee following the § 341 meeting.
- ❖ This virtual report will only be produced as a docket text entry on the case docket report. Calculated variables and entries by the trustee will be stored in text but not written to the CM/ECF database.
- ❖ If values from the debtor's schedules do not apply to the report selected, the text report will display these values as "Not Applicable." Otherwise, if values from the debtor's schedules have not been submitted when the NDR - No Funds or the NDR - Minimal Funds reports are filed, the text report will display "Not Available."

Revised Trustee's § 341 Filings Screen

- ❖ Access to the Trustee's § 341 Filings program will be the same. The trustee will select one option for each case.
- ❖ The three columns outlined in Figure 1 remain the same.
